25X1

- 1. The construction of a military airfield in Darlowo (Rugenwalde P55/183) was recently completed. This airfield has eight-direction concrete runw It is occupied by the Soviet Air Force. Several squadrons of bombers and jet fighters are located here. The airfield is equipped with radar facilities.
- 2. A former German factory located two kilometers from Leba (P55/IB2) on Lake Leba is producing or assembling V-2 rocket projectiles. This factory is under Soviet management. The technical personnel employed here is predominantly Russian or German. German specialists from the former German experimental base in Swinoujscie (Swinemuende allegedly are employed here.
- 3. According to rumors, rocket launchers are located on the coast of Lake Leba.
